

## Photon Love Lyrics

We Wait All Day To Talk All Night  
We Got The Best Midnight Delight  
We Say Those Things We Like To Hear  
We Send Those Pics That Disappear  
This Photon Love It Feels So Good

I Don't Know, Are You The One? Or...  
I Don't Know, Are You The One? Or...

We'll Never See The Face Behind The Glow  
We'll Never Get To Taste Each Other's Flow  
This Photon Love Is Real But Like A Dream  
It's Just A Dream

A Secret Place That No One Knows  
Just You And Me Anything Goes  
We Make These Plans To Come Alive  
But We Both Know That Deep Inside  
This Photon Love Is Not For Real

I Don't Know, Are You The One? Or...  
I Don't Know, Are You The One? Or...

We'll Never See The Face Behind The Glow  
We'll Never Get To Taste Each Other's Flow  
This Photon Love Is Real But Like A Dream  
It's Just A Dream

Things Get Heavy  
Yeah

I Don't Know, Are You The One?  
I Don't Know, Are You The One?  
I Don't Know, Are You The One?  
I Don't Know, Are You The One?

It's Ok It's Not Just Us  
It's The Photon Love  
And We're All In It Together

We'll Never See The Face Behind The Glow  
We'll Never Get To Taste Each Other's Flow  
This Photon Love Is Real But Like A Dream  
It's Just A Dream

I Don't Know, Are You The One? Or...  
It's Just A Dream  
I Don't Know, Are You The One? Or...  
It's Just A Dream

Are You The One? Or...  
It's Just A Dream

Photon Love
