

## good guys Lyrics

### **[Verse 1]**

I wanna call you up  
Tell you how I feel  
But I might scare you away if  
I get too real  
So I won't text back  
For a couple hours  
What I really wanna do is  
Bring you flowers

### **[Pre-Chorus]**

I'm not gonna hold your hand  
Ask if you wanna dance  
Not gonna take you home, even though

### **[Chorus]**

I just wanna give you everythin'  
Show you I'm a Southern gentleman  
All I wanna do is let you in  
But good guys, good guys never win  
I just wanna be the one you call  
Anything you need, anything at all  
All I wanna do is let you in  
But good guys, good guys never win

### **[Verse 2]**

When you stay out late  
And I don't hear back  
I always wonder where you've been but  
I don't ask  
You're the one I want  
I don't wanna share  
But when you talk about someone else  
I act like I don't care

### **[Pre-Chorus]**

I'm not gonna hold your hand

Ask if you wanna dance  
Not gonna take you home, even though

**[Chorus]**

I just wanna give you everythin'  
Show you I'm a Southern gentleman  
All I wanna do is let you in  
But good guys, good guys never win  
I just wanna be the one you call  
Anything you need, anything at all  
All I wanna do is let you in  
But good guys, good guys never win

**[Bridge]**

So I'm gonna play it cool  
'Til I know you want me too  
So I'm gonna play it cool  
'Til I know you want me too

**[Chorus]**

I just wanna give you everythin'  
Show you I'm a Southern gentleman  
All I wanna do is let you in  
But good guys, good guys never win  
I just wanna be the one you call  
Anything you need, anything at all  
All I wanna do is let you in  
But good guys, good guys never win

**[Post-Chorus]**

So I'm gonna play it cool  
'Til I know you want me too

**[Outro]**

So I'm gonna play it cool  
'Til I know you want me too  
So I'm gonna play it cool  
'Til I know you want me too
